GROWER-INDUSTRY CONNECT

Precision Tools & Resistance Realities

Herbicide resistance is spreading across the Prairies — and so is the technology built to address it. Join growers, agronomists, retail, and researchers for a focused look at where resistance and weed control stands today, and where precision agriculture is headed next.

-  **Monday, November 23, 2026**
-  **Delta Hotels by Marriott
Saskatoon Downtown**
-  **10:00 AM – 4:15 PM**
